

Being a Diwali Cup championship tournament, the day turned out to be perfect for golf. With couple of guys pulling out at the last moment – we still ended up with 7 flights, i.e. 25 players. Freeway is a fairly easy course compared to where we played last month. The course CCR (Calculated Course Rating) is 65. Please refer to:-

[http://www.golfvic.org.au/AM/Template.cfm?Section=What is the CCR &Template=/CM/HTMLDisplay.cfm&ContentID=4255](http://www.golfvic.org.au/AM/Template.cfm?Section=What_is_the_CCR_&Template=/CM/HTMLDisplay.cfm&ContentID=4255))

All players reported on time and the first flight rolled out at 08:50 hrs. Players were again reminded to fill in their cards correctly – and guess what – 95% of the cards were correctly marked and signed. They were neat as well! Still there are some members who can't be bothered to sign or enter their scores correctly. I hope this will change in the near future. It was nice to see some old timers back in action – Amarjit Dhillon (Ambe) came back after nearly a year's absence and of course Piara Singh also managed to find time to participate. Welcome back to both the players.

Most players did play very well and of course the low handicappers managed to win the championship trophies. David Gyi – as usual displayed a remarkable skill. He managed 2 birdies and 10 pars – scoring 3 under his handicap of 12! Well done David. The other good performer in the 'B' grade was Ricky Gill with a net of 76 – his best effort so far. Well done and keep it up Ricky. With the absence of Keat Lim I managed to win the longest drive and the the 'B' grade was taken by Ben Tan. The NTPs – Rashpal Chaggar won the 'A' group followed by Charn Singh winning the 'B' group.

Due to the rearrangement of holes on the course, some players found it hard to navigate themselves. I think they eventually managed to complete the course. Few members were questioning the accuracy of their handicap, before the play started. They were assured that their handicaps will be verified after the game. For this reason I am publishing the handicaps of all financially current members who participate regularly.

The 19th hole was celebrated at the club ground and the food was collected from Ampang Tofu, in High Street- Doncaster. The Nasi Lemak was tasty and I am sure the players enjoyed with cold beers supplied by our regular 'daruwalla' – Sardar Puran Singh. Puran has done a great job – supplying cold beers – over the years. Your efforts are much appreciated Puran. I thank the volunteers – Chanchal and Siva for picking up the food.

The prizes and food for today were donated by our regular Diwali sponsorer – Sardar Rashpal Chaggar. The club thanks Rashpal for his ongoing support. In addition to this as outgoing captain I donated some gifts to very special deserving members. David Gyi was chosen as the best player for year 2010. Further details are below.

After the prizes the AGM started on time at 3:30pm. With all the rigmarole completed – the Chair person called for the election of the new committee for year 2011. The existing committee did a fantastic job in running the club's affairs from month to month. Without

naming the individuals – the GOC introduced new method of reporting – via a website – designed and donated by Ranjeet Chaal (secretary). The Captain reintroduced the ‘A’ and ‘B’ grade for the players. This gave high handicappers to win the prizes as well. The existing GOC also treated the players to some excellent food in restaurants over the months. There were no BBQs held – as the weather this year was not conducive for outdoor catering. The quality of prizes improved. There was more variety – every month. The GOC managed to run the club within the budget for year 2010.

On personal note I enjoyed my term as a captain for 2010. I like to thank each and every one for their corporation and help when needed. I wish best of luck for the new GOC for year 2011. We are a small social club and it is run on a volunteer basis. I hope the members do realise that whoever is elected to perform the task in the GOC should be given all the help they need to run the club for coming years. Everyone has to contribute to make the survival of this club viable.
